City Engineering College is one of the premier Educational Institution in the garden city of Bangalore. It was established in the year of 2001 by Dr. K. R. Paramahamsa under Janata Educational Society. City Engineering College is NAAC accredited, affiliated to Visveswaraya Technological University (VTU) and approved by AICTE. The Institution has been imparting quality technical Education in 6 UG programs in various disciplines (CSE, ISE, AI&ML, ECE, CIVIL, MECH) and M. Tech (CSE). The City Engineering College and its research centers offered research programs in CSE and Mechanical Engineering. The College has expanded over the last 21 years with sophisticated infrastructure as a part of the Institution's commitment to provide higher quality education in the area of Engineering. The highly facilitated landmark building – provides a perfect ambience for creativity and learning. City Engineering College is known for its academic excellence, friendly welcoming atmosphere and community spirit. Over large number of full time students study here in a wide range of programs. It is a centre of talented, experienced teachers who inspire and energize the students to achieve the best.

## **About National Level Project Exhibition 2022**

The National Level Project exhibition is organized by City Engineering College, Bangalore. The Major objective of organizing this National Level Project exhibition is to provide the platform and unleash the potential of the students by showcasing their innovative projects developed in the Final Year either as Industry Defined Problem or User Defined Problem and provide an opportunity for the students to demonstrate their learning experience. The outcome of the PROJECT EXHIBITION was that students were able to show their project at higher Level and the process boosted their confidence.

National Level Project exhibition is being organized on 20<sup>th</sup> June 2022. The Project exhibition has received more than 100 innovative projects. 90 projects have been shortlisted and selected for the exhibition to be demonstrated. The stalls for the exhibition are being organized in City Engineering College campus.

National Level Project exhibition is more of window for technical knowledge transfer as it exhibits how the new products are absorbing newer technologies and promoting research and development in the nation.
