BATTLE OF SCIENCE-2022- REPORT

We organised the Project Exhibition '**Battle of Science**' for first year students on 20th August 2022. Program started with photo session followed by Inauguration, ribbon cutting and project interaction with students. 37 teams were participated and projects like Robotic arm, crank slide mechanism, website preparation, Mini blue tooth speaker, Security Shield, Obstacle Avoiding car, Line follower robot, etc. were exhibited by first year students.

Dr. H N. Thippeswamy, Principal declared Battle of Science Open by cutting the ribbon. Students exhibited their projects in Electronics laboratory. Faculty and Parents visited the Projects. Judges for Project Exhibition '**Battle of Science**' were nominated from different departments. Judges visited each project and asked related questions and students answered enthusiastically about the projects. After the project exhibition, lunch was arranged for students and faculty. Cash Prizes were announced to students.
